

Kiddieswim

We are excited to announce the joining of two long-standing swim schools; New Wave Swim School & Kiddieswim!

The change brings the ability to work with new faces, new families, and continue delivering high quality lessons for kids across the Southern Peninsula.

INTRODUCING KIDDIESWIM

Kiddieswim has been owned and operated by Rubin Thomas since 2007. Initially running as a single swim school at Mt Martha, the program expanded to include a 25m pool at Mornington Secondary College. The larger pool is home to our swim club, the Peninsula Hurricanes, allowing our 50+ members to compete at State & National competitions.

In 2018, the business acquired a third program, located at Marriott Waters, providing lessons to residents of the 1000-home community in their indoor 25m pool.

The program currently caters for:

- 1,400 weekly students
- Lessons from infants to adults
- 10 learn-to-swim levels from beginner to advanced
- 45 staff

As an organisation, we pride ourselves on many things.

- **Excellence in instruction**
- **Outstanding customer service**
- **Commitment to staff development**

We are thrilled to welcome you to the program, and help all swimmers achieve their goals in the water.

Change takes time. Getting it right is important to us.
